installation, attended a Special Tactical Firearms Program at the Academy. Our purpose in arranging for their attendance was to acquire additional and current knowledge in the weapons field which would assist us in improving weapons training at this installation. I would like to express our appreciation for the opportunity to send them to the course, and to advise you of our complete satisfaction with the results achieved.

I am advised that, through the cooperation of Mr. Harold Light, Mr. John Cox and other members of your instructor staff, our officers were provided a thorough review of current techniques and methods in weapons instruction. The visits to FBI ranges and laboratories, and to the Alexandria Police Department's indoor-outdoor ranges, were considered very useful and informative adjuncts of the Quantico training.

Please convey to those concerned our appreciation for the spirit of helpful cooperation which made our participation possible, and for the highly professional services provided the two officers who attended.

Sincerely yours,

STAT
